DETAILED ACTION

Election/Restrictions

The restriction requirement of record is maintained.

This application contains claims 27-34, 36 and 37 which are drawn to an invention nonelected with traverse in Paper No. 7. A complete reply to the final rejection must include cancelation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 103

Claims 1-26 and 35 are rejected under 35 U.S.C. 103(a) as being unpatentable over Salisbury et al. taken with Spaulding.

Applicants argue that Salisbury does not teach or suggest that sperm selected for a particular characteristic may be frozen or that pregnancies can be achieved with such selected cryopreserved sperm.

In response to applicant's arguments against the references individually, one cannot show nonobviousness by attacking references individually where the rejections are based on combinations of references. See *In re Keller*, 642 F.2d 413, 208 USPQ 871 (CCPA 1981); *In re Merck & Co.*, 800 F.2d 1091, 231 USPQ 375 (Fed. Cir. 1986).

Applicant cannot expect Salisbury to contain all of the elements of the claims since Salisbury was used in a 35 USC 103 rejection taken with Spaulding.

Further, Salisbury does teach freezing of the sperm and Spaulding teaches the selection of the sperm for a particular characteristic, namely, sex.

Also, the elected claims are not directed to pregnancies resulting from the use of the sperm, thus this argument by applicant is moot.

Thus, the claimed subject matter is properly rejected under this section.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
